New Class of Butler Service

The Londoner Court offers an exclusive private sanctuary with exceptional Butler services and brand-new lifestyle experiences. The hotel's Butler team communicates with guests prior to their arrival to allow their suite and services to be personalised. The hotel staff are empowered to find genuine and meaningful opportunities to connect with guests.

We have built a programme that takes the team of Butlers through continuous extensive training, guaranteeing guests the most fulfilling and rewarding hotel stay they will have ever experienced.

Unique experiences are tailor-made for guests around the clock, with attention to every detail, no matter how big or small. Londoner Court Butlers are also instructed to be knowledgeable about all elements of luxe living (including wine and spirits, cigars, art, cuisine and more), and well-informed on everything regarding The Londoner Macao and Macao itself.

Special Butler services include an extensive tea programme featuring a wide selection of high-end teas. Butler tea masters are trained in their benefits and preparation, and how best to pair them with cuisine. Guests can also enjoy an in-suite Butler barista experience to create the perfect cup of coffee, choosing from a collection of single origin coffees from world-renowned Illy brand and a variety of brewing methods.
