- X-Trend covers all games and offers the ability to add second screen **bonus** games offering extra side bet opportunities for the house
- These can be free games, **Multipliers**, **Jackpots** and other 3rd party Mini Games, that can be player or house funded

IDX X-TREND Psychology

X TREND is not just a trend board , it's a tool to Boost player engagement, activity and entertainment

- X-TREND can influence playing behavior, highlighting non-linear pay scales and betting opportunities that can increase game play
- X-Exclusively to X-trend is our “Chase the trend” module which simplifies results data from the shoe and the derived roads, offering players an easy playing guide
- “Chase the trend ”stimulates interest in the game trends and promotes a deeper understanding of the game, which combined with the trend wizard can speed up play and promote “luck”
- Our “Pots of Gold” modules build anticipation to side bets which stimulate activity and play increasing table hold
