INTRODUCTION

Solaire Resort is more than just a luxury destination; it is the home of world-class gaming. Winning the Best Gaming Floor Award in Asia in 2023, Solaire Resort's gaming floors have established themselves as unrivaled in the region. This year, we elevate the gaming experience even further, offering a comprehensive 360-degree immersion that goes beyond the game itself, blending luxury, innovation, and unmatched service to create a destination that draws visitors from around the globe.

BIGGER & BOLDER

From last year's impressive 30,200sqm gaming floor, featuring over 2,300 electronic gaming machines and 400 gaming tables, Solaire Resort has expanded its offerings to new heights. Thanks to our new Integrated Resort expansion in Quezon City, our gaming floor now spans over 40,200 sqm, boasting more than 5,200 electronic gaming machines and over 560 gaming tables. This expansion not only increases the scale but also enhances the variety and excitement available to our guests.

A TRULY ELEVATED GAMING EXPERIENCE

Our gaming floors are further distinguished by the exclusive offerings of the Solaire Club. Devoted to our top-tier gaming patrons, the Solaire Club provides a more personalized experience with Private Access, Diamond Lounge, Private Salons, and exclusive gaming floors that offer stunning views and unparalleled VIP services. For our luxury gamers, the experience is enhanced with over a thousand menu items, premium wines, spirits, and cocktails—all at their disposal.
